DANIELH1228@ICLOUD.COM

DAYTONA BEACH, FL (OPEN TO RELOCATE)

OBJECTIVE

Utilizing my well-developed skill set gained through my management experience at a rapidly growing company I'd like to start expanding into the realm of Tech and more specifically Data Analysis bringing excellent communication, organization and problem-solving skills to the table of a company who values growth, dedication and hard work.

EDUCATION

Data Analysis Program

August 2025-Current

In this rigorous self-paced program, I am learning to follow industry standards & practices in the Data Science field, getting familiar with Python, SQL, and Data Visualization, ultimately earning certifications in each.

EXPERIENCE

JUNE 2022 - SEP. 2022

Golf Associate

Popstroke

Responsible for welcoming guests into the property and explaining everything about the brand, using POS to generate business sales for golf/ice cream

SEP. 2022 - MARCH 2024

Shift Lead

Popstroke

Assisted management in leadership responsibilities, helping build schedules, placing orders, and analyzing business metrics to improve margins. Opening new venues as part of the training team.

MARCH 2024 - MARCH 2025

Operating Manager

Popstroke

As an operating manager I was directly responsible for training staff, hiring, scheduling, payroll and all other admin related tasks along with corporate meetings and calls discussing business growth, directions and solutions using metrics to guide our decision making

MARCH 2025 - CURRENT **Operating Partner**

Popstroke

In this General Manager role, I am still fulfilling the same responsibilities as an operating manager while also training up new managers and leads below me managing over 70+ staff members, continuing to tighten up our margins using data and several metrics and applying them in the day-to-day operations

STRENGTHS & ACHIEVEMENTS

Excellent Leadership Skills

Management (2+ Years)

Microsoft Excel/Word Experience (2+ Years)

Payroll Processing

Hiring & Termination Processes

Coaching & Training

Computer Skills

Data Analysis

Data Entry

Python

Jupyter Notebook

COMMUNICATION

Strong written and verbal communicator with excellent coaching and training skills, clear and concise yet effective allowing any level of staff to grow and develop their skill set increasing our productivity as a team.

LEADERSHIP

Ability to manage multiple projects simultaneously and meet tight deadlines, while maintaining the highest standards of quality. Recognizing and building great talent on a team to promote and guide a bench of strong leadership for the company.
